## **Mission Statement**

Ardmore House Safeguarding Policy is drawn up in the context of our underpinning values of 'Help, Care, Support'. We in Ardmore House have a responsibility for the care, welfare and safety of all our pupils and we will do this by creating a caring, supportive and safe environment which values the individuals and seeks to meet their needs.

We in Ardmore House have a responsibility for the safeguarding and child protection of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or harm to a child is suspected and outlines referral procedures within our school

## **Key Principles of Safeguarding and Child Protection**

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, "Co-operating to safeguard children and young people in Northern Ireland" (DHSSPSNI, 2017), the Department of Education (Northern Ireland) guidance "Safeguarding and Child Protection in Schools" Circular 2017/04 (amended September 2019; updated June 2020) and the SBNI Core Child Protection Policy and Procedures (2017).

### **The following Principles form the basis of our Child Protection Policy:**

- the child or young person's welfare is paramount;
- the voice of the child or young person should be heard;
- parents are supported to exercise parental responsibility and families helped stay together;
- partnership;
- prevention;
- responses should be proportionate to the circumstances;
- protection; and
- evidence based and informed decision making.

## 2 Other Related Policies

The school has a duty to ensure that safeguarding permeates all activities and functions. The child protection policy therefore complements and supports a range of other school policies including:

Anti-Bullying  
Attendance  
Drugs  
Positive Behaviour Management  
Staff Code of Conduct  
Complaints  
Educational Visits  
Online Safety  
First Aid and Administration of Medicines  
Health and Safety  
Intimate Care  
Records Management  
Relationships and Sexuality Education  
Special Educational Needs  
Use of Mobile Phones/Cameras  
Use of Reasonable Force/Safe Handling\*  
Whistleblowing

**These policies are available to parents and any parent wishing to have a copy should contact the School office or visit the school website at [www.ardmorespecialschool.co.uk](http://www.ardmorespecialschool.co.uk)**

### School Safeguarding Team

The following are members of the school's Safeguarding Team:

- Chair of the Board of Governors: Norman Stewart
- Designated Governor for Child Protection:
- Principal: Barry Fettes
- Designated Teacher: Ruth Spence
- Deputy Designated Teacher: Mark Speers

### Roles and Responsibilities

#### Designated Teacher/ Deputy Designated Teacher

Every school is required to appoint a Designated Teacher with responsibility for Child Protection. These are highly skilled roles developed and supported through a structured training programme, requiring knowledge and professional judgement on complex and emotive issues. They must also appoint a Deputy Designated Teacher. It is important that the DDT works in partnership with the DT so that he/she develops sufficient knowledge and experience to undertake the duties of the DT when required. DDTs are also provided with the same specialist training by CPSS to help them in their role. The DDT, as a member of the

Safeguarding team, will actively support the Designated Teacher in carrying out the following duties:

- the induction and training of all school staff including support staff;
- being available to discuss safeguarding or child protection concerns of any member of staff;
- responsibility for record keeping of all child protection concerns;
- maintaining a current awareness of early intervention supports and other local services e.g. Family Support Hubs;
- making referrals to Social Services or PSNI where appropriate;
- liaison with the EA Designated Officers for Child Protection;
- keeping the school Principal informed;
- lead responsibility for the development of the school's child protection policy;
- promotion of a safeguarding and child protection ethos in the school; and
- compiling written reports to the Board of Governors regarding child protection.

## **Principal**

The Principal, as the Secretary to the BoG, will assist the BoG to fulfil its safeguarding and child protection duties, keeping them informed of any changes to guidance, procedure or legislation relating to safeguarding and child protection, ensuring any circulars and guidance from DE are shared promptly, and timely inclusion of child protection activities on the BoG meeting agenda. In addition, the Principal takes the lead in managing child protection concerns relating to staff.

The Principal has delegated responsibility for establishing and managing the safeguarding and child protection systems within the school. This includes the appointment and management of suitable staff to the key roles of DT and DDT Designated Teacher posts and ensuring that new staff and volunteers have safeguarding and child protection awareness sessions as part of an induction programme.

It is essential that there is protected time and support to allow the DTs to carry out this important role effectively and that DTs are selected based on knowledge and skills required to fulfil the role.

The Principal must ensure that parents and pupils receive a copy, or summary, of the Child Protection Policy at intake and, at a minimum, every two years.

### **Board of Governors**

- a designated governor for child protection is appointed;
- a designated and deputy designated teacher are appointed in their schools;
- they have a full understanding of the roles of the designated and deputy designated teachers for child protection;
- safeguarding and child protection training is given to all staff and governors including refresher training;
- the school has a child protection policy which is reviewed annually and parents and pupils receive a copy of the child protection policy and complaints procedure every two years.
- the school has an anti-bullying policy which is reviewed at intervals of no more than four years and maintains a record of all incidents of bullying or alleged bullying. See the Addressing Bullying in Schools Act (NI) 2016;
- there is a code of conduct for all adults working in the school;
- all school staff and volunteers are recruited and vetted, in line with DE Circular 2012/19;
- they receive a full annual report on all child protection matters (It is best practice that they receive a termly report of child protection activities). This report should include details of the preventative curriculum and any initiatives or awareness raising undertaken within the school, including training for staff; and
- the school maintains the following child protection records in line with DE Circulars 2015/13 Dealing with Allegations of Abuse Against a Member of Staff and 2020/07 Child Protection: Record Keeping in Schools: Safeguarding and child protection concerns; disclosures of abuse; allegations against staff and actions taken to investigate and deal with outcomes; staff induction and training.

- Relevant safeguarding information and guidance is disseminated to all staff and governors with the opportunity to discuss requirements and impact on roles and responsibilities.
- The school ensures that other safeguarding policies are reviewed at least every 3 years or as specified in relevant guidance.

### **Chair of Board of Governors**

The Chairperson of the BoG plays a pivotal role in creating and maintaining the safeguarding ethos within the school environment.

In the event of a safeguarding or child protection complaint being made against the Principal, it is the Chairperson who must assume lead responsibility for managing the complaint/allegation in keeping with guidance issued by the Department (and relevant guidance from other Departments when it comes to other early years settings), employing authorities, and the school's own policies and procedures.

The Chairperson is responsible for ensuring child protection records are kept and for signing and dating annually the Record of Child Abuse Complaints against staff members even if there have been no entries.

### **Designated Governor for Child Protection**

The BoG delegates a specific member of the governing body to take the lead in safeguarding/child protection issues in order to advise the governors on: -

- the role of the designated teachers;
- the content of child protection policies;
- the content of a code of conduct for adults within the school;
- the content of the termly updates and full annual designated teachers report; and
- recruitment, selection, vetting and induction of staff.

### **Other members of school staff**

- Take steps to ensure that pupils in their care are protected from harm
- Attend Safeguarding training as requested
- Be alert for signs and symptoms of possible child abuse
- Know who is the Designated Teacher and Deputy Designated Teacher
- Be familiar with the schools Safeguarding Policy
- Know and follow the Safeguarding procedures
- Know and follow guidance on talking with children in the event of a disclosure

- Report disclosures or concerns re possible abuse to Designated Teacher or Deputy Designated Teacher in the first instance
- Keep a brief written record of details
- Ensure that their own professional conduct is prudent
- **staff should not** give children a guarantee of total confidentiality regarding their disclosures, should not investigate nor should they ask leading questions.
- Teachers should complete the Note of Concern, (See Appendix 6), if there are safeguarding concerns such as: poor attendance and punctuality, poor presentation, changed or unusual behaviour including self-harm and suicidal thoughts, deterioration in educational progress, discussions with parents about concerns relating to their child, concerns about pupil abuse or serious bullying and concerns about home circumstances including disclosures of domestic abuse.

### **Support Staff**

- if any member of the support staff has concerns about a child or staff member they should report these concerns to the designated teacher or deputy designated teacher if he/she is not available. A detailed written record of the concerns will be made and any further necessary action will be taken.

### **Parents**

**The primary responsibility for safeguarding and protection of children rests with parents who should feel confident about raising any concerns they have in relation to their child.**

Parents can play their part in safeguarding by informing the school:

- if the child has a medical condition or educational need;
- if there are any Court Orders relating to the safety or wellbeing of a parent or child;
- if there is any change in a child's circumstances for example - change of address, change of contact details, change of name, change of parental responsibility;
- if there are any changes to arrangements about who brings their child to and from school;
- if their child is absent contact should be made with the school to provide reason. This assures the school that the parent/carer knows about the absence. More information on parental responsibility can be found on the EA website at: [www.eani.org.uk/schools/safeguarding-and-child-protection](http://www.eani.org.uk/schools/safeguarding-and-child-protection)

**It is essential that the school has up to date contact details for the parent/carer.**

## Child Protection Definitions

### Definition of Harm

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse.

Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

*(Co-operating to Safeguard Children and young People in Northern Ireland August 2017)*

**Harm from abuse is not always straightforward to identify and a child or young person may experience more than one type of harm.**

#### **Harm can be caused by:**

Sexual abuse

Emotional abuse

Physical abuse

Neglect

Exploitation

**Sexual Abuse** occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

**Emotional Abuse** is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development.

Emotional abuse may involve deliberately telling a child that they are worthless, or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying – including online bullying through social networks, online games or mobile phones – by a child's peers.

**Physical Abuse** is deliberately physically hurting a child. It might take a variety of different forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

**Neglect** is the failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision or shelter that is likely to result in the serious impairment of a child's health or development. Children who are neglected often also suffer from other types of abuse.

**Exploitation** is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, and engagement in criminal activity, begging, benefit or other financial fraud or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

Although 'exploitation' is not included in the categories of registration for the Child Protection Register, professionals should recognise that the abuse resulting from or caused by the exploitation of children and young people can be categorised within the existing CPR categories as children who have been exploited will have suffered from physical abuse, neglect, emotional abuse, sexual abuse or a combination of these forms of abuse

### **Specific types of Abuse**

In addition to the types of abuse described above there are also some specific types of abuse that we in Ardmore House are aware of and have therefore included them in our policy. Please see these in **Appendix 1**.

### **Children with Increased Vulnerabilities**

Some children have increased risk of abuse due to specific vulnerabilities such as disability, lack of fluency in English and sexual orientation. We have included information about children with increased vulnerabilities in our policy. Please see these in **Appendix 2**

## **Responding to Safeguarding and Child Protection Concerns**

Safeguarding is more than child protection. Safeguarding begins with promotion and preventative activity which enables children and young people to grow up safely and securely in circumstances where their development and wellbeing is not adversely affected. It includes support to families and early intervention to meet the needs of children and continues through to child protection. Child protection refers specifically to the activity that is undertaken to protect individual children or young people who are suffering, or are likely to.

### **How a Parent can Raise a Concern**

In Ardmore House we aim to work closely with parents/guardians in supporting all aspects of their child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner.

**Parents wishing to register concern about their child's welfare in school should take one of the following courses of action: (the course chosen will depend upon the nature of the concern)**

- Speak/write to a pupil's form teacher
- Speak/write to the Vice-Principal/Designated Teacher
- Speak/Write to the Principal
- Write to the Chairman of the Board of Governors

All concerns will be followed up as appropriate.

At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Central Referral Unit. Details of who to contact are shown in the flowchart in **Appendix 3**.

### **Where School has concerns or has been given information about possible abuse by someone other than a member of staff**

In Ardmore House if a child makes a disclosure to a teacher or other member of staff which gives rise to concerns about possible abuse, or if a member of staff has concerns about a child, the member of staff will complete a Note of Concern (see **Appendix 6**) and act promptly. **They will not investigate** - this is a matter for Social Services - but will discuss these concerns with the designated teacher or with the deputy designated teacher if he/she is not available.

The designated teacher will consult with the principal or other relevant staff always taking care to avoid due delay. If required, advice may be sought from an Education Authority Child Protection Officer. The designated teacher may also seek clarification from the child or young person, their parent/carer.

If a child protection referral is not required the school may consider other options including monitoring, signposting or referring to other support agencies e.g. Family Support Hub with parental consent and, where appropriate, with the child/young person's consent.

If a child protection referral is required the designated teacher will seek consent from the parent/carer and/or the child {if they are competent to give this} unless this would place the child at risk of significant harm.

The designated teacher will phone the Gateway team and/or the PSNI and will submit a completed UNOCINI referral form. Where appropriate the source of the concern will be informed of the action taken.

For further detail please see **Appendix 4.**

### **Where a complaint has been made about possible abuse by a member of the school's staff or a Volunteer**

When a complaint about possible child abuse is made against a member of staff the Principal (or the designated teacher if the principal is not available) must be informed immediately. If the complaint is against the Principal then the designated teacher should be informed and he/she will inform the Chairperson of the board of governors who will consider what action is required in consultation with the employing authority. The procedure as outlined in **Appendix 5** will be followed.

### **Consent**

Prior to making a referral to Social Services the consent of the parent/carers and/or the young person (if they are competent to give this) will normally be sought. The exception to this is where to seek such consent would put that child, young person or others at increased risk of significant harm or an adult at risk of serious harm, or it would undermine the prevention, detection or prosecution of a serious crime including where seeking consent might lead to interference with any potential investigation.

In circumstances where the consent of the parent/carer and/or the young person has been sought and is withheld we will consider and where possible respect their wishes. However our primary consideration must be the safety and welfare of the child and we will make a referral in cases where consent is withheld if we believe on the basis of the information available that it is in the best interests of the child/young person to do so.

## **Confidentiality and Information Sharing**

Information given to members of staff about possible child abuse cannot be held “in confidence”. In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a ‘need to know’ basis.

Where there have been, or are current, child protection concerns about a pupil who transfers to another school we will consider what information should be shared with the Designated Teacher in the receiving school.

Where it is necessary to safeguard children information will be shared with other statutory agencies in accordance with the requirements of this policy, the school data protection policy and the General Data Protection Regulations (GDPR).

## **Record Keeping**

In accordance with DE guidance we must consider and develop clear guidelines for the recording, storage, retention and destruction of both manual and electronic records where they relate to child protection concerns.

In order to meet these requirements all child protection records, information and confidential notes concerning pupils in Ardmore House are stored securely and only the Designated Teacher/Deputy Designated Teacher and Principal have access to them. In accordance with DE guidance on the disposal of child protection records these records will be stored from child’s date of birth plus 30 years. If information is held electronically, whether on a laptop or on a portable memory device, all must be encrypted and appropriately password protected.

These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the Designated/Deputy Designated Teacher. The person who reports the incident must treat the matter in confidence.

## **Safe Recruitment Procedures**

Vetting checks are a key preventative measure in preventing unsuitable individuals’ access to children and vulnerable adults through the education system and schools must ensure that all persons on school property are vetted, inducted and supervised as appropriate. All staff paid or unpaid who are appointed to positions in Ardmore House are vetted / supervised in accordance with relevant legislation and Departmental guidance.

## **Code of Conduct For all Staff - Paid or Unpaid**

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust and that their behaviour towards the child and young people in their charge must be above reproach. All members of staff are expected to comply with the school's Code of Conduct for Employees and Volunteers which has been approved by the Board of Governors. The school's Code of Conduct is available in Appendix 7 or on request.

## **The Preventative Curriculum**

The statutory personal development curriculum requires schools to give specific attention to pupils' emotional wellbeing, health and safety, relationships, and the development of a moral thinking and value system. The curriculum also offers a medium to explore sensitive issues with children and young people in an age-appropriate way which helps them to develop appropriate protective behaviours. (2017/04)

Our school seeks to promote pupils' awareness and understanding of safeguarding issues, including those related to child protection through its curriculum. The safeguarding of children is an important focus in the school's personal development programme and is also addressed where it arises within the context of subjects. Through the preventative curriculum we aim to build the confidence, self-esteem and personal resiliencies of children so that they can develop coping strategies and can make more positive choices in a range of situations.

## **Monitoring and Evaluation**

This policy will be reviewed annually by the safeguarding team and approved every 2 years by the Board of Governors for dissemination to parents, pupils and staff. It will be implemented through the schools staff induction and training programme and as part of day to day practice. Compliance with the policy will be monitored on an on-going basis by the designated teacher for child protection and periodically by the Schools Safeguarding Team. The board of governors will also monitor child protection activity and the implementation of the Safeguarding and Child Protection policy on a regular basis through the provision of reports from the designated teacher.

## Appendix 1

### Specific Types of Abuse

**Grooming** of a child or young person is always abusive and/or exploitative. It often involves perpetrator(s) gaining the trust of the child or young person or, in some cases, the trust of the family, friends or community, and/or making an emotional connection with the victim in order to facilitate abuse before the abuse begins. This may involve providing money, gifts, drugs and/or alcohol or more basic needs such as food, accommodation or clothing to develop the child's/young person's loyalty to and dependence upon the person(s) doing the grooming. The person(s) carrying out the abuse may differ from those involved in grooming which led to it, although this is not always the case. Grooming is often associated with Child Sexual Exploitation (CSE) but can be a precursor to other forms of abuse. Grooming may occur face to face, online and/or through social media, the latter making it more difficult to detect and identify.

Adults may misuse online settings e.g. chat rooms, social and gaming environments and other forms of digital communications, to try and establish contact with children and young people or to share information with other perpetrators, which creates a particular problem because this can occur in real time and there is no permanent record of the interaction or discussion held or information shared. Those working or volunteering with children or young people should be alert to signs that may indicate grooming, and take early action in line with their child protection and safeguarding policies and procedures to enable preventative action to be taken, if possible, before harm occurs. Practitioners should be aware that those involved in grooming may themselves be children or young people, and be acting under the coercion or influence of adults. Such young people must be considered victims of those holding power over them. Careful consideration should always be given to any punitive approach or 'criminalising' young people who may, themselves, still be victims and/or acting under duress, control, threat, the fear of, or actual violence. In consultation with the PSNI and where necessary the PPS, HSC professionals must consider whether children used to groom others should be considered a child in need or requiring protection from significant harm.

If the staff in Ardmore House become aware of signs that may indicate grooming they will take early action and follow the school's child protection policies and procedures. The HSCT and PSNI should be involved as early as possible to ensure any evidence that may assist prosecution is not lost and to enable a disruption plan to reduce the victim's contact with the perpetrator(s) and reduce the perpetrator(s) control over the victim to be put in place without delay.

**Child sexual exploitation (CSE)** is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/ or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. (Co-operating to Safeguard Children and Young People in NI. DHSSPS version 2.0 2017)

Any child under the age of eighteen, male or female, can be a victim of CSE. Although younger children can experience CSE, the average age at which concerns are first identified is 12-15 years of age. Sixteen and seventeen year olds, although legally able to consent to sexual activity can also be sexually exploited.

CSE can be perpetrated by adults or by young people's peers, on an individual or group basis, or a combination of both, and can be perpetrated by females as well as males. While children in care are known to experience disproportionate risk of CSE, the majority of CSE victims are living at home.

CSE is a form of child abuse and, as such, any member of staff suspecting that CSE is occurring will follow the school's child protection policy and procedures, including reporting to the appropriate agencies.

**Domestic and Sexual violence and abuse** can have a profoundly negative effect on a child's emotional, psychological and social well-being. A child does not have to witness domestic violence to be adversely affected by it. Living in a violent or abusive domestic environment is harmful to children.

Domestic violence and abuse is defined as 'threatening, controlling, coercive behaviour, violence or abuse (psychological, virtual, physical, verbal, sexual, financial or emotional) inflicted on anyone (irrespective of age, ethnicity, religion, gender, identity, sexual orientation or any form of disability) by a current or former intimate partner or family member.'

Sexual Violence and Abuse is defined as 'any behaviour (physical, psychological, verbal, virtual /online perceived to be of a sexual nature which is controlling, coercive, exploitative, harmful or unwanted that is inflicted on anyone (irrespective of age, ethnicity, religion, gender, gender identity, sexual orientation or any form of disability).' (Stopping Domestic and Sexual Violence and Abuse in Northern Ireland A Seven Year Strategy: March 2016). Please note that coercive, exploitative and harmful behaviour includes taking advantage of an individual's incapacity to give informed consent.

If it comes to the attention of school staff that Domestic Abuse, is or may be, affecting a child this will be passed on to the Designated/Deputy Designated Teacher who has an obligation to share the information with the Social Services Gateway Team.

**Female Genital Mutilation (FGM)** is a form of child abuse and violence against women and girls. FGM comprises all procedures that involve partial or total removal of the external female genitalia, or other injury to the female genital organs for non-medical reasons. The procedure is also referred to as 'cutting', 'female circumcision' and 'initiation'. The practice is medically unnecessary, extremely painful and has serious health consequences, both at the time when the mutilation is carried out and in later life. FGM is a form of child abuse and, as such, teachers have a statutory duty to report cases, including suspicion, to the appropriate agencies, through agreed established procedures set out in our school policy.

Where there is a concern that a child or young person may be at immediate risk of FGM this should be reported to the PSNI without delay. Contact can be made directly to the Sexual Referral Unit (based within the Public Protection Unit) at 028 9025 9299. Where there is a concern that a child or young person may be at risk of FGM, referral should be made to the relevant HSCT Gateway Team.

**Forced Marriage** A forced marriage is a marriage conducted without the valid consent of one or both parties and where duress is a factor. Duress can include physical, psychological, financial, sexual and emotional pressure. Forced marriage is a criminal offence in Northern Ireland and if in SCHOOL NAME we have knowledge or suspicion of a forced marriage in relation to a child or young person we will contact the PSNI immediately.

### **Children who display harmful sexualised behaviour**

Learning about sex and sexual behaviour is a normal part of a child's development. It will help them as they grow up, and as they start to make decisions about relationships. As a school we support children and young people, through the Personal Development element of the curriculum, to develop their understanding of relationships and sexuality and the responsibilities of healthy relationships. Teachers are often therefore in a good position to consider if behaviour is within the normal continuum or otherwise.

It is important to distinguish between different sexual behaviours - these can be defined as 'healthy', 'problematic' or 'sexually harmful'. Healthy sexual behaviour will normally have no need for intervention, however consideration may be required as to appropriateness within a school setting. Problematic sexual behaviour requires some level of intervention, depending on the activity and level of concern. For example, a one-off incident may simply require liaising with parents on setting clear direction that the behaviour is unacceptable, explaining boundaries and providing information and education. Alternatively, if the behaviour is considered to be more serious, perhaps because there are a number of aspects of concern, advice from the EA CPSS may be required. We will also take guidance from DE Circular 2016/05 to address concerns about harmful sexualised behaviour displayed by children and young people.

## What is Harmful Sexualised Behaviour?

Harmful sexualised behaviour is any behaviour of a sexual nature that takes place when:

- There is no informed consent by the victim; and/or
- the perpetrator uses threat (verbal, physical or emotional) to coerce, threaten or intimidate the victim
- Harmful sexualised behaviour can include: Using age inappropriate sexually explicit words and phrases.
- Inappropriate touching.
- Using sexual violence or threats.
- Sexual behaviour between children is also considered harmful if one of the children is much older - particularly if there is more than two years' difference in age or if one of the children is pre-pubescent and the other is not.
- However, a younger child can abuse an older child, particularly if they have power over them - for example, if the older child is disabled.

Sexually harmful behaviour is primarily a child protection concern. There may remain issues to be addressed through the schools positive behaviour policy but it is important to always apply principles that remain child centred.

Harmful sexualised behaviour will always require intervention and in our school we will refer to our child protection policy and, seek the support that is available from the CPSS.

## E safety/Internet abuse

Online safety means acting and staying safe when using digital technologies. It is wider than simply internet technology and includes electronic communication via text messages, social environments and apps, and using games consoles through any digital device. In all cases, in schools and elsewhere, it is a paramount concern.

In January 2014, the SBNI published its report 'An exploration of e-safety messages to young people, parents and practitioners in Northern Ireland' which identified the associated risks around online safety under four categories:

- **Content risks:** the child or young person is exposed to harmful material.
- **Contact risks:** the child or young person participates in adult initiated online activity.
- **Conduct risks:** the child or young person is a perpetrator or victim in peer-to-peer exchange.
- **Commercial risks:** the child or young person is exposed to inappropriate commercial advertising, marketing schemes or hidden costs.

We in Ardmore House have a responsibility to ensure that there is a reduced risk of pupils accessing harmful and inappropriate digital content and will be energetic in teaching pupils

how to act responsibly and keep themselves safe. As a result, pupils should have a clear understanding of online safety issues and, individually, be able to demonstrate what a positive digital footprint might look like.

The school's actions and governance of online safety are reflected clearly in our safeguarding arrangements. Safeguarding and promoting pupils' welfare around digital technology is the responsibility of everyone who comes into contact with the pupils in the school or on school-organised activities.

**Sexting** is the sending or posting of sexually suggestive images, including nude or semi-nude photographs, via mobile or over the internet. There are two aspects to Sexting:

**Sexting between individuals in a relationship.** Pupils need to be aware that it is illegal, under the Sexual Offences (NI) Order 2008, to take, possess or share 'indecent images' of anyone under 18 even if they are the person in the picture (or even if they are aged 16+ and in a consensual relationship) and in these cases we will contact local police on 101 for advice and guidance. We may also seek advice from the EA Child Protection Support Service.

Please be aware that, while offences may technically have been committed by the child/children involved, the matter will be dealt with sensitively and considering all of the circumstances and it is not necessarily the case that they will end up with a criminal record. It is important that particular care is taken in dealing with any such cases. Adopting scare tactics may discourage a young person from seeking help if they feel entrapped by the misuse of a sexual image.

**Sharing an inappropriate image with an intent to cause distress.** If a pupil has been affected by inappropriate images or links on the internet it is important that it is **not forwarded to anyone else**. Schools are not required to investigate incidents. It is an offence under the Criminal Justice and Courts Act 2015 ([www.legislation.gov.uk/ukpga/2015/2/section/33/enacted](http://www.legislation.gov.uk/ukpga/2015/2/section/33/enacted)) to share an inappropriate image of another person without the individual's consent. If a young person has shared an inappropriate image of themselves that is now being shared further whether or not it is intended to cause distress, the child protection procedures of the school will be followed.

**Signs and symptoms of abuse** – Below is a link to SBNI Regional Core Policies and Procedures signs and symptoms of abuse. A paper copy is available on request.

## **Appendix 2**

### **Children with Increased Vulnerabilities**

- **Children with a disability**

Children and young people with disabilities (i.e. any child or young person who has a physical, sensory or learning impairment or a significant health condition) may be more vulnerable to abuse and those working with children with disabilities should be aware of any vulnerability factors associated with risk of harm, and any emerging child protection issues.

Staff must be aware that communication difficulties can be hidden or overlooked making disclosure particularly difficult. Staff and volunteers working with children with disabilities will receive training to enable them to identify and refer concerns early in order to allow preventative action to be taken.

- **Children with limited fluency in English**

Children whose first language is not English/Newcomer pupils should be given the opportunity to express themselves to a member of staff or other professional with appropriate language/communication skills, especially where there are concerns that abuse may have occurred. DTs and other relevant school staff should seek advice and support from the EA's Intercultural Education Service if necessary. All schools should create an atmosphere in which pupils with special educational needs which involve communication difficulties, or pupils for whom English is not their first language, feel confident to discuss these issues or other matters that may be worrying them.

- **Pre-school provision**

Many of the issues in the preceding paragraphs will be relevant to our young children who may have limited communication skills. In addition to the above, staff will follow our Intimate Care policy and procedures in consultation with the child's parent[s]/carer[s]

Many of the issues in the preceding paragraphs will be relevant to our young children who may have limited communication skills. In addition to the above, staff will follow our Intimate Care policy and procedures in consultation with the child's parent[s]/carer[s]. Teachers, nursery assistants and other adults will come into contact with children while helping them with toileting, washing and changing their clothing. Staff in pre-school settings should consider whether the Code of Conduct meets the needs of their particular responsibilities and should make clear the boundaries of appropriate physical contact, and their Code to staff and parents.

- **Gender Identity Issues and Sexual Orientation**

Schools should strive to provide a happy environment where all young people feel safe and secure. All pupils have the right to learn in a safe and secure environment, to be treated with respect and dignity, and not to be treated any less favourably due to their actual or perceived sexual orientation. DE requires all grant-aided schools to develop their own policy on how

they will address Relationships and Sexuality Education (RSE) within the curriculum. It is via this policy that schools are expected to cover issues relating to relationships and sexuality, including those affecting LGB&T children and young people. In line with guidance from the education authority where a young person advises staff that they may be transgender, the Designated Teacher will meet with the young person, and where appropriate their parents to develop a support plan. This can help set clear expectations for the young person and for staff, and help avoid any misunderstandings or breaches of confidentiality. A support plan will be drawn up. Further information can be found on the EA website. <https://www.eani.org.uk/school-management/policies-and-guidance/supporting-transgender-young-people>. As a staff working with young people from the LGBTQ+ community we will support them to appropriately access information and support on healthy relationships and to report any concerns or risks of abuse or exploitation.

- **Boarding schools and residential settings**

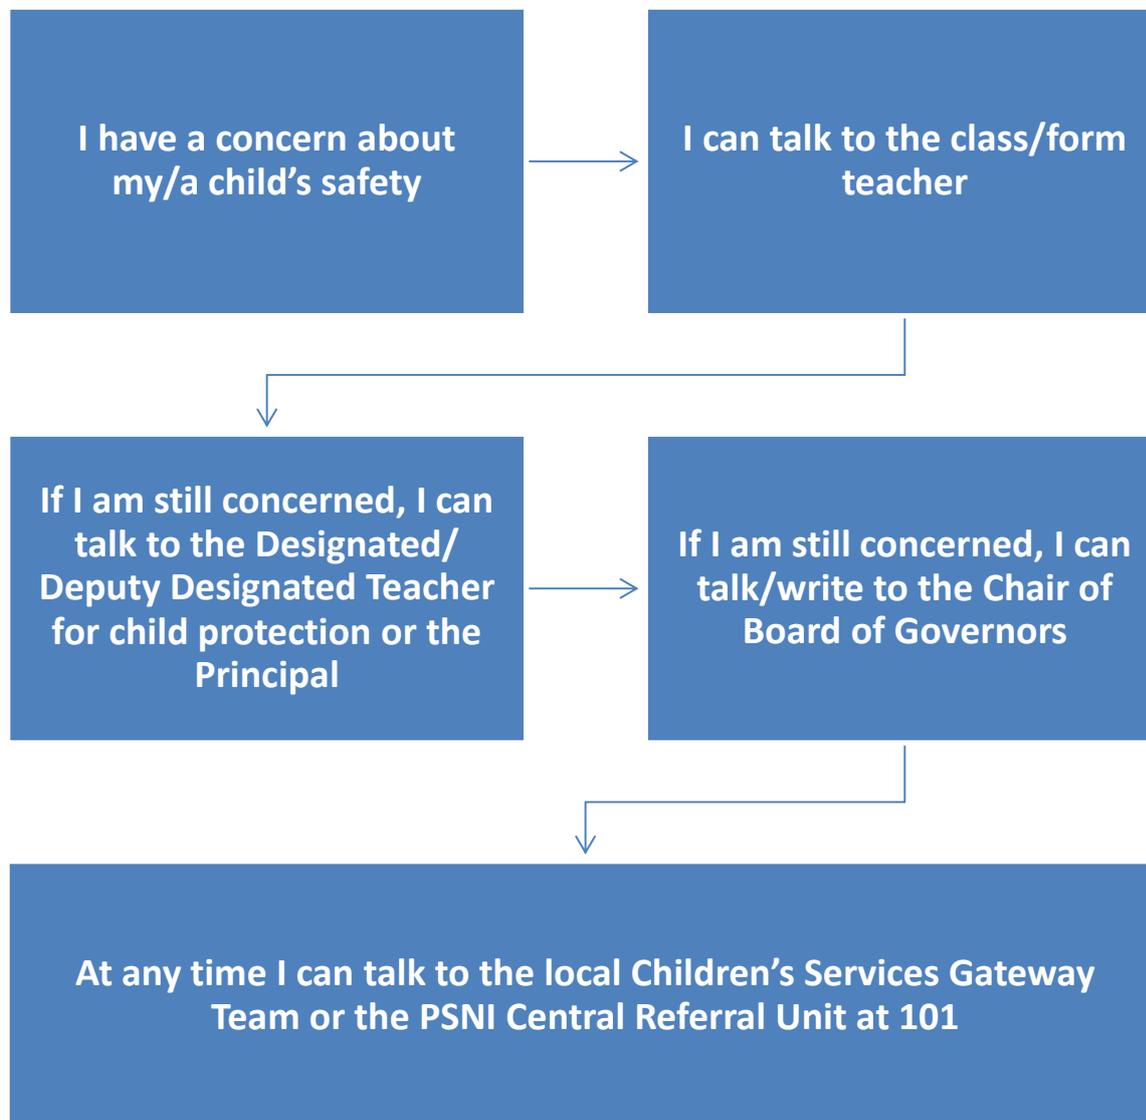

Children in the above settings are particularly vulnerable to abuse. We will ensure that staff are appropriately vetted and trained in accordance with DE guidance.

- **Work experience, school trips and educational visits**

Our duty to safeguard and promote the welfare of children and young people also includes periods when they are in our care outside of the school setting. We will follow DE guidance on educational visits, school trips and work experience to ensure our current safeguarding policies are adhered to and that appropriate staffing levels are in place.

## Appendix 3

### If a Parent Has a Potential Child Protection Concern:

If you have escalated your concern as set out in the above flowchart, and are of the view that it has not been addressed satisfactorily, you may revert to the school's complaints policy. This policy should culminate in the option for you to contact the NI Public Services Ombudsman (NIPSO) who has the legislative power to investigate your complaint.

If a parent has a concern about a child's safety or suspect child abuse within the local community, it should be brought directly to the attention of the Children's Services Gateway Team.

## Appendix 4

### Procedure where the School has concerns, or has been given information, about possible abuse by someone other than a member of staff

Member of staff completes the Note of Concern on what has been observed or shared and must ACT PROMPTLY.

Source of concern is notified that the school will follow up appropriately on the issues raised.

Staff member discusses concerns with the Designated Teacher or Deputy Designated Teacher in his/her absence and provides note of concern.

Designated Teacher should consult with the Principal or other relevant staff before deciding upon action to be taken, always taking care to avoid undue delay. If required, advice may be sought from a CPSS officer.

#### **Child Protection referral is required**

Designated Teacher seeks consent of the parent/carer and/or the child (if they are competent to give this) unless this would place the child at risk of significant harm then telephones the Children's Services Gateway Team and/or the PSNI if a child is at immediate risk.

He/she submits a completed UNOCINI referral form within 24

Designated Teacher clarifies/discusses concern with child/ parent/carers and decides if a child protection referral is or is not required.

#### **Child Protection referral is not required**

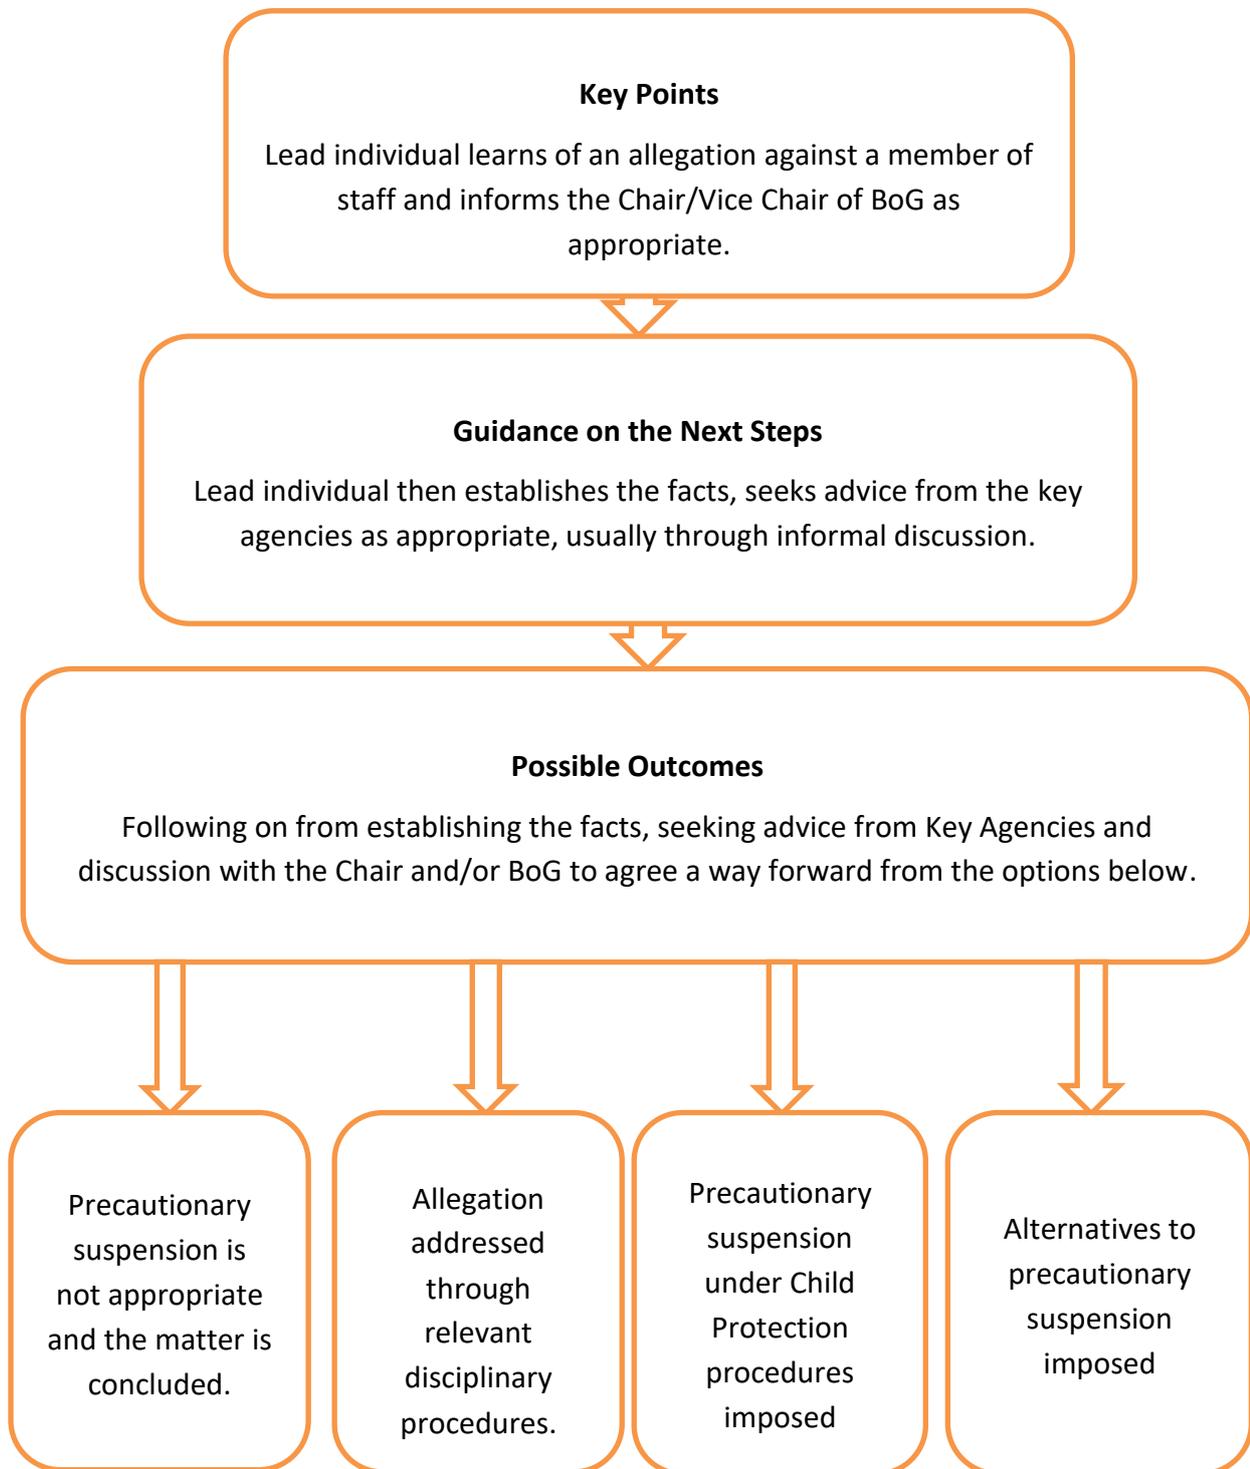

School may consider other options including monitoring the situation within an agreed timescale; signposting or referring the child/parent/carers to appropriate support services such as the Children's Services Gateway Team or local Family Support Hub with parental consent, and child/young person's consent (where appropriate).

Where appropriate the source of the concern will be informed as to the action taken. The Designated Teacher will maintain a written record of all decisions and actions taken and ensure that this record is appropriately and securely stored.

## Appendix 5

### Dealing with Allegations of Abuse Against a Member of Staff

## Appendix 6

### CONFIDENTIAL

#### NOTE OF CONCERN

#### CHILD PROTECTION RECORD - REPORTS TO DESIGNATED TEACHER

Name of Pupil:
Year Group:
Date, time of incident / disclosure:
Circumstances of incident / disclosure:
Nature and description of concern:
Parties involved, including any witnesses to an event and what was said or done and by whom:
Action taken at the time:

Details of any advice sought, from whom and when:

Any further action taken:

Written report passed to Designated Teacher:                      Yes:                      No:  
If 'No' state reason:

Date and time of report to the Designated Teacher:

Written note from staff member placed on pupil's Child Protection file

Yes                      No

If 'No' state reason:

Name of staff member making the report: \_\_\_\_\_

Signature of Staff Member: \_\_\_\_\_ Date: \_\_\_\_\_

Signature of Designated Teacher: \_\_\_\_\_ Date: \_\_\_\_\_

## Appendix 7

### Code of Conduct for Staff and Volunteers in Schools

Date Ratified by BOG: \_\_\_\_\_

Review Date: \_\_\_\_\_

#### Objective, Scope and Principles

This Code of Conduct, which applies to all staff and volunteers, is designed to give guidance on the standards of behaviour which should be observed. School staff and volunteers are role models, in a unique position of influence and trust and their behaviour should set a good example to all the pupils within the school. It does not form part of any employee's contract of employment. It is merely for guidance and specific breaches of the Code must not be viewed as a disciplinary offence. The implementation of this policy will be monitored by the Principal and Vice Principal and any breaches will be brought to the Board of Governors. The Code includes sections on:

- Setting an Example
- Relationships and Attitudes
- Private Meetings with Pupils
- Physical Contact with Pupils
- Honesty and Integrity
- Conduct Outside of Work
- E-Safety and Internet Use
- Confidentiality

#### 1. Setting an Example

1.1 All staff and volunteers in schools set examples of behaviour and conduct which can be copied by pupils. Staff and volunteers should therefore, for example, avoid using inappropriate or offensive language at all times, and demonstrate high standards of conduct in order to encourage our pupils to do the same. All staff and volunteers should be familiar with all school policies and procedures and to comply with these so as to set a good example to pupils.

1.2 Staff and volunteers must always comply with statutory requirements in relation to such issues as discrimination, health and safety and data protection.

1.3 Staff must demonstrate through their behaviour that they exemplify the school ethos of help, care and support, as this models the behaviour we want our pupils to demonstrate as individuals in the community.

#### 2. Relationships and Attitudes

2.1 All staff and volunteers should treat pupils with respect and dignity and not in a manner which demeans or undermines them, their parents or carers, or colleagues. Staff and volunteers should ensure that their relationships with pupils are appropriate to the age and maturity of their pupils. They

should not demonstrate behaviours that may be perceived as sarcasm, making jokes at the expense of pupils, embarrassing or humiliating pupils, discriminating against or favouring pupils. Attitudes, demeanour and language all require thought to ensure that conduct does not give rise to comment or speculation. Relationships with pupils must be professional at all times and sexual relationships with current pupils are not permitted and may lead to criminal conviction.

2.2 Staff and volunteers may have less formal contact with pupils outside of school; perhaps through mutual membership of social groups, sporting organisations, or family connections. Staff and volunteers should not assume that the school would be aware of any such relationship and should therefore consider whether the school should be made aware of the connection.

2.3 Staff and volunteers should always behave in a professional manner, which within the context of this Code of Conduct includes such aspects as:

- acting in a fair, courteous and mature manner to pupils, colleagues and other stakeholders;
- co-operating and liaising with colleagues, as appropriate, to ensure pupils receive a coherent and comprehensive educational service;
- respect for school property;
- taking responsibility for the behaviour and conduct of pupils in the classroom and sharing such responsibility elsewhere on the premises;
- being familiar with communication channels and school procedures applicable to both pupils and staff and volunteers;
- respect for the rights and opinions of others.

### **3. Private Meetings with Pupils**

3.1 It is recognised that there will be occasions when confidential interviews with individual pupils must take place. As far as possible, staff and volunteers should conduct interviews in a room with visual access or with an open door and ensure that another adult knows that the interview is taking place. Where possible, another pupil or (preferably) another adult should be present or nearby during the interview.

3.2 Staff are not permitted to conduct private tutoring on the premises.

### **4. Physical Contact with Pupils**

4.1 To avoid misinterpretations, and so far as is practicable, staff and volunteers are advised not to make unnecessary physical contact with a pupil.

4.2 Staff and volunteers should therefore be cognisant of the guidance issued by the Department on the use of reasonable force (Circular 1999/09 and guidance document 'Towards a Model Policy in Schools on Use of Reasonable Force) and the interim guidance contained in Circular 2021/13 - Interim Guidance on the Use of Restraint and Seclusion in Educational Settings.

## **5. Honesty and Integrity**

5.1 All staff and volunteers are expected to maintain the highest standards of honesty and integrity in their work. This includes the handling and claiming of money and the use of school property and facilities.

5.2 Gifts from suppliers or associates of the school (eg a supplier of materials) must be declared to the Principal. A record should be kept of all such gifts received. This requirement does not apply to “one off” token gifts from pupils or parents eg at Christmas or the end of the school year. Staff and volunteers should be mindful that gifts to individual pupils may be considered inappropriate and could be misinterpreted.

## **6. Conduct outside of Work**

6.1 Staff and volunteers should not engage in conduct outside work which could damage the reputation and standing of the school or the staff/ volunteer’s own reputation or the reputation of other members of the school community.

6.2 Staff and volunteers may undertake work outside school, either paid or voluntary and should ensure it does not affect their work performance in the school. Advice should be sought from the Principal when considering work outside the school.

## **7. E-Safety and Internet Use**

7.1 A staff member or volunteer’s off duty hours are their personal concern but all staff and volunteers should exercise caution when using information technology and be fully aware of the risks to themselves and others. For school-based activities, advice is contained in the school’s Acceptable Use of ICT.

7.2 Staff and volunteers should exercise particular caution in relation to making online associations/friendships with current pupils via social media and using texting/email facilities to communicate with them. It is preferable that any contact with pupils is made via the use of school email accounts or telephone equipment when necessary.

## **8. Confidentiality**

8.1 Staff and volunteers may have access to confidential information about pupils including highly sensitive or private information. It should not be shared with any person other than on a need to know basis. In circumstances where the pupil’s identity does not need to be disclosed the information should be used anonymously.

8.2 There are some circumstances in which a member of staff or volunteer may be expected to share information about a pupil, for example when abuse is alleged or suspected. In such cases, individuals

should pass information on without delay, but only to those with designated child protection responsibilities.

8.3 If a member of staff or volunteer is in any doubt about whether to share information or keep it confidential he or she should seek guidance from a senior member of staff. Any media or legal enquiries should be passed to senior leadership.

8.4 Staff and volunteers need to be aware that although it is important to listen to and support pupils, they must not promise confidentiality or request pupils to do the same under any circumstances. Additionally, concerns and allegations about adults should be treated as confidential and passed to the Principal or a member of the safeguarding team without delay.
